JFK GSTAAD

Outdoor learning is all about Nature. Through daily challenges and activities linked to the 'theme of the week'* you will get to discover the incredible Alpine environment that surrounds us.

There are no 'academic classes' as such, because our focus is on exploration, learning out of the box, and spending as much time in nature as possible. Your classroom will be the forests, streams, and mountains. Your homework will be activities like ziplining, canoeing, mountain climbing, rafting, camping... And your classmates will include other children from all over the world with whom you will learn to work as a team, support one another, and thrive in this natural environment.

*Themes by week: Water; Mountain; Rock
Day students attend from Monday to Friday only.
