

# FINANCIAL & CONTRACTUAL CONDITIONS

SUMMER 2024

## What happens after submitting an application?

- If we can offer you a place, we will request a payment of CHF 1,000.- application fee per child, per session.
- Once the application fee is paid, you will receive an invoice for the camp fees and participant's pocket money.
- If we cannot offer you a place immediately, your application may instead be placed on the Waiting List. In this instance no payment will be required as a place on the Waiting List does not guarantee that a place will open before the beginning of the camp.
- Enrolment is **confirmed upon full payment**. Without payment within the timeframe specified on the invoice, the place is relinquished.

## A/ Payment terms

I/ Between November and March:

- The application fee invoice is payable upon receipt.
- The invoice for the camp fees and pocket money must be settled within 30 days of the billing date.

II/ After 1<sup>st</sup> April:

- Any new applications submitted starting on this date will require a single full payment upon receipt of the invoice including the application fee, the camp fees, and the pocket money.

III/ Conditions:

- A student may not start the camp if any outstanding fees remain to be paid.
- The sum of CHF 150.- from the pocket money will be held until the last day for additional expenses before travelling home, or special transportation arrangements. Any remaining balance of pocket money is given to the child upon departure.
- Camp fees are quoted in Swiss Francs (CHF). If a payment is made in a foreign currency, the official exchange rate of the day of the transaction will be used. Any difference in favour of the payee will be credited or, in the case of a shortfall, a further payment will be invoiced.

## B/ Fees include

- Full board and accommodation (at certain camps or special activities, in tents or mountain refuges), according to age.

- Full laundry service (dry cleaning is not offered).
- Classes, sports, arts, and activities offered within the programme, including associated coaching and material.

This is a travel insurance and assistance solution providing cover in the event of a medical emergency resulting from illness or accident. If the child's health/accident insurance in his/her country of residence does not cover the costs abroad or if the child does not have health/accident insurance, our insurance is activated to cover the costs in Switzerland during the camp. In all cases, our company will contact the child's health insurance, if it exists.

## F/ Contractual agreement and litigation

The participant's parents confirm their agreement with the conditions set out in this document and the expectations set forth in the Camp Codes. By agreeing to this document, the parents agree to abide by these policies. The contractual agreement between the parents, the child and the school is, in the final instance, subject to Swiss law. Should there be any case of litigation between the school, the students and the parents, this will be judged by courts in the Canton of Vaud (Switzerland). The term "parents" used in this document is understood to refer to the child's legal representative.

### *A note about external representatives:*

*While families are free to choose whether to enrol their children directly or to use an intermediary to do so, external representatives such as educational consultants and agents do not influence enrolment decisions or order of importance on the waiting list. Le Rosey does not ask for, nor does it accept, donations for school development of any kind.*
